

FLEETCOR® Strengthens its Airline Lodging Business with Airline Software Acquisition

March 3, 2022

Complementary Solution Aimed at Accelerating Airline Lodging Sales

ATLANTA--(BUSINESS WIRE)--Mar. 3, 2022-- [FLEETCOR Technologies, Inc.](#) (NYSE: FLT), a leading global business payments company, announced today the acquisition of Levarti, an airline software platform company. Levarti provides a suite of solutions that automate passenger disruptions including passenger notifications, flight re-bookings, hotel accommodations, transfers and vouchers.

Levarti's MAX software suite was launched in 2014 with a number of global airlines adopting it to digitize their airport operations and communications. Levarti's MAX mobile apps provide passengers with an end-to-end digital experience from check-in, during flight with contactless payments, and through baggage tracking and claim.

FLEETCOR®s existing airline lodging unit books millions of hotel room nights for global airlines' crews and disrupted passengers each year.

"This acquisition gives us a complementary solution to further automate and streamline passenger disruption events for our airline clients. We expect our combined offering will be of great interest to airlines, and lead to accelerated sales in our lodging airline segment," Ron Clarke, chairman and chief executive officer, FLEETCOR Technologies, Inc.

"We are thrilled to join the FLEETCOR team. FLEETCOR has a set of airline relationships with the potential to accelerate our sales pipeline," said Anthony Murray, founder and CEO of Levarti.

Eversheds Sutherland (International) LLP provided legal counsel to FLEETCOR. Taylor Vinters LLP provided legal counsel to Levarti's sellers.

About FLEETCOR
